NEGRO QUESTION NOT A PROBLEM

Wilson Will Not Appoint Colored Men to Positions in South.

NO COLOR LINE DRAWN

Certain Negroes Will be Selected for Positions Now Held by Members of That Race.

Washington, April 11.—The appointing of negroes to office is not going to become a problem in the present administration, it was learned today. Nor will the color line be drawn by President Wilson. There are positions which are accepted as calling for negro officials, such as ministers to Hayti and Liberia, and register of the treasury. These will be filled when the incumbent's term expires by other negroes if the president adheres to his present position. But the president will not name negroes for positions that have caused what he considers unnecesary agitation. Consequently it is unlikely that a negro will be named for any of the positions in the South, especially for the Charleston colectorship. Neither is it likely that a negro will be named as an Assistant Attorney General to take the place of Attorney Lewis, of Boston, whose election as a member of the American Bar Association on the instance of Attorney General Wickersham, created considerable comment.

President Wilson, his friends say, insists that he will not have the race issue injected into his administration. He will consider application for appointment from blacks and whites alike but will appoint colored men only where the best interests of the country demands it.

MAY ENCAMP AT BEACH.

State Troops to Asemble at Seashore if Railroad Track is Built.

Norfolk, Va., April 11.—If the Norfolk Southern railroad runs its proposed spur track from Virginia Beach to the new military camp site and rifle range just to the south of the beach resort in proper time the Virginia infantry forces, 2,000 men strong, will be brought here for encampment from July 7 to 14 inclusive.

The camp site was inspected this week by Colonel Jo Stern, inspector-general of Virginia; General C. C. Vaughan, of the Virginia brigade; Captain Joseph E. Partello, United States army, assigned to the Virginia national guard; Captain James W. Graves, of the quartermaster's department at Richmond, and Major C. L. Wright, chief of brigade staff and assistant adjutant-general of Virginia.

The military officers found the camp site in good condition and it was decided that all three Virginia regiments of infantry should be brought here for encampment in July if the proper railroad spurtrack connections can be made in time.

EMPLOYES ARE ALARMED.

Proposition to Begin Work at 8 Instead of 9 O'clock.

Washington, April 11.—Thirty thousand employes in government departments here were thrown into a near panic today by reports that President Wilson and his cabinet is seriously considering changing the working hours to begin at 8 a. m., instead of 9 o'clock. The proposition is scheduled for consideration at today's cabinet meeting.

From time immemorial the clerks have been "getting on the job" at 9 a. m., daily, and quitting at 4:30. Until eight years ago they quit at 4.

A saving of $1,000,000 a year is said to be possible if an extra hour is added to the clerk's day shift.

Paris.—The French Chamber of Deputies now supplies handkerchiefs for the use of members who leave their's at home.

NEWS OF THE DAY.

Scotland Yard, London, is making inquiries concerning the mysterious disappearance of Joseph W. Martin, of Memphis, Tenn. He had booked return passage on the liner France, which, however, sailed on Saturday without him. Mr. Martin was last seen, so far as is at present known, outside the Royal Automobile club late at night last Thursday, when he promised to dine the following night with friends. Mr. Martin was then in evening clothes, and mentioned an appointment with a woman friend, but he never returned to the flat and has not been seen since.

'Our answer to the government's Cat and Mouse bill is 15 thousand pounds added to our war chest tonight," said "Gen." Mrs. Flora Drummond, in closing the suffragette meeting at Albert Hall, over which she presided. The subscriptions included for $7,500 each, and two for $5,000 each. Among the American contributors were Mrs. August Belmont, Mrs. J. J. White, of New York, and Miss Scott Troy, of San Francisco. Great laughter greeted the announcement of a subscription of half a crown accompanied by a bogus note, signed by the chancellor of the Exchequer, David Lloyd-George. The note read: "I have great pleasure in presenting to you my first dividend from my Marconi wireless shares."

The birth rate in the French capital for 1912 was the lowest since 1861, according to a municipal report made yesterday. There was only one birth for every 30 families. The infantile death rate was 143 per 1,000. Prohibitive rentals are said to have been the chief cause for the decrease in the number of births.

A funeral procession of skiffs passed through the streets of Columbus, Ky., behind a boat bearing the body of Rev. George R. Flowers. The home of Rev. Mr. Flowers, who died Thursday morning is in the section of the city still several feet under water as the result of the recent flood, and the body was lowered from the second story into a boat. The procession then moved to the home of a friend of the deceased on a hill in a higher section of the town, where services were held.

J. P. Morgan left written instructions as to how his funeral services should be conducted. In acordance with these instructions, simple ceremonies will be held over his body at St. George's Church, New York, of which he was senior warden, next Monday. They will consist of the Episcopal burial service without a eulogistic address of any kind. Mr. Morgan's body is expected to arrive at New York on the steamship France tonight and it will rest in the Morgan library adjoining his residence until the hour for its removal to the church. Only immediate relatives and the most intimate friends will be allowed to view it.

The stricken conscience of an aged man in Germany was responsible for the return of German bank notes amounting to nearly one thousand dollars American money to Nicholas Wermeister, of Louisville, who was robbed of that amount at his old home in Metz, Germany, 26 years ago. The letter in closing the notes was dated March 10, 1913, the anniversary of the theft, and was unsigned. Although the writer referred to himself as a "trusted friend who betrayed the confidence of your household," Mr. Wermeister declared yesterday was unable to identify him. "And I am not trying to," he added. "I had many friends who were at home in my house, and I don't want to suspect any of them. I forgive him freley, this one, and I wish I could shake his hand and tell him so."

An active traffic in babies at prices ranging from $2 up is carried on in Boston, according to Mrs. Charlotte Smith, a social worker of that city, who appeared before the legislative committee on Public Health today in support of a bill requiring the registration of midwives. Mrs. Smith declared that she had bought infants and knew where more could be purchased at any time. "The idol of the home in the Back Bay," she said, "Is a poodle dog. They run from $100 to $1,000, while babies are being sold at from $2 to $10, depending upon whether they are blondes or brunettes."

PRESIDENT AND SUGAR SCHEDULE

Refuses to Modify Feature of Wilson-Underwood Tariff Bill.

MUST BE ON FREE LIST

Colonel Ewing Makes Final Appeal on Behalf of Southern Cane Growers—Alva Adams Follows Him.

President Wilson refused today to consider modification of the sugar schedule of the Wilson-Underwood tariff bill.

Colonel Robert M. Ewing, of New Orleans, Democratic national committeeman from Louisiana, made a final appeal on behalf of the Southern cane growers to have the three year provision, which provides that after that time sugar shall go on the free list, eliminated.

Colonel Ewing told the President that he believed the sugar producers of the United States would withdraw all opposition to the reduced rates in the pending bill if the President would eliminate the three year clause.

The President listened attentively to the argument, but declined to recede from his position that the party is pledged to give the people free sugar.

After Colonel Ewing left former Governor Alva Adams, of Colorado, made a similar plea on behalf of the beet sugar growers of his state. He told the President that the industry in his state meant about $14,000,000 annually to the Colorado farmers and that with sugar on the free list, beet sugar factories would have to close their doors. The President suggested to his visitor that during the three year period he was satisfied manufacturers could adjust their business so that they could compete with the foreign sugar when it came into active competition with the native article.

SENSATION IN THE HOUSE.

Sir Stuart Samuel Barred on Certain Charges.

London, April 11.—A profound sensation was created in the House of Commons today when Sir Samuel Stuart was barred from membership in the Commons by the Privy Council, because it was proved that his firm, Samuel Montague and Company had engaged in the purchase of silver for the Indian government. The British law forbids members of Parliament from engaging in business involving government contracts. Viscount Haldane, Lord Chancellor, made the announcement of Samuel's debarment.

The inquiry resulting in Sir Samuel Stuart being ousted from the House of Commons, lasted almost upward of a month and almost daily sittings were held, provided over by the Lord chancellor, Viscount Haldane. Other members of the council were Lord Halsbury, Earl Loreburn, former Lord Chancellor, and Lord Dunedin, the Lord Justice-General and keeper of the great seal of Scotland.

It was charged that Sir Stuart, member for Tower Hamlets (White Chapel) had violated the law when his brokerage firm, Samuel Montague and Company, were employed to purchase silver by the secretary of State for India in council. It was charged that the firm handled about $25,000,000 of silver for the Indian government.

Sir Stuart's defense was that the law forbidding members of Parliament from handling government contracts applied only to Great Britain and not the colonies.

TRYING TO SAVE BABY'S LIFE.

Chicago, April 11.—A dozen men, taking turns of pumping oxygen into the lungs of a thirty-hour old baby, Ters, by use of a pulmotor, failed to save the infent's life. The bay died early today.

When Baby Ters arrived at the home of Arthur Ters, physicians pronounced it dead. Then they detected a faint heart beat, and phoned for a pumotor.

TRINITY'S ANNIVERSARY.

139th Birthday to be Celebrated April 27th to May 2nd.

The leaders at Trinity Church are planning a very interesting event beginning on the 27th of April, commemorating the one hundred and thirty-ninth year of the history of the church.

Some of the best speakers of the denomination, men of national reputation, will be present and participate.

On Sunday morning, of the 27th, Bishop Cranstion will preach. On Sunday evening of the same day Rev. Gus Hobbes, one of the oldest members of the Baltimore Conference will preach. He will also hold an old time love feast, before the morning service. This will carry the older members back to the early days, when in this same church, more than one hundred years ago, such feasts were held.

On Monday evening, April 28th all the Methodist pastors of the city will be invited to be present and make addresses, as will also the congregations of the several churches of the same denomination.

Tuesday night, Dr. Don S. Colt, of Baltimore, one of the most magnetic preachers, of the country, will preach.

On Wednesday probably, Dr. W. L. McDowell, superintendent of Washington District, will be the preacher, and on Thursday, Dr. C. L. Mead, who lately had the distinction of having a call to Cavalry Church of New York City.

On Friday night, Dr. Wedderspoon, pastor of the Foundry Church, of Washington, D. C., will preach the closing sermon.

CLARENCE HOWARD INJURED.

Well-Known Fredericksburg Man Has Arm Badly Broken.

Clarence Howard, of Fredericksbrug, a son-in-law of George S. French, of this city, and very well known here, had the misfortune on Wednesday to break his arm just above the wrist while cranking the engine of a launch, and was attended by Dr. Sidney Scott, assisted by Dr. Sale, who set the broken bones.

On Wednesday Mr. Howard and Capt. Sale were returning to Fredericksburg from Alexandria in Mr. Alex Berger's boat where they had been to carry a party of gentlemen. When opposite Levering's wharf, the engine of the boat stalled. Mr. Howard atempted to crank the engine when it back-fired, the crank handle striking Mr. Howard's arm just above the wrist, breaking both bones.

Dr. Scott, of this city, was summoned and with Mr. Key Howard, went to the aid of the injured man in the launch "Volo." On reaching Levering's wharf with the assistance of Dr. Sale, Dr. Scott set the broken arm. Levering's Wharf is about eleven miles from Fredericksburg.

Mr. Howard had also met with another accident the day before, when a window fell on his hand and badly crushed the first two fingers.

PLAY ARMY AND NAVY PREP.

Game Arrenged by Cardinals For Tomorrow Afternoon.

The game between the Cardinals and the Army and Navy Prep. School which will be played Saturday afternoon should prove to be an interesting game from the start to the finish as both teams are in the best of condition. Burgendine, who has been appointed coach of the Cardinals has had his men out every evening this week drilling them in to play the game as it should be played and at the end of the week expects to see a great change in the playing of the whole team.

The Army and Navy team is one of the best school teams in the District and have defeated every team they have met this season, and as they are fast on the bases they will be able to give the Cardinals a run for the game.

Well, Risdon or Bayne will probably be the ones to twirl for the local boys with Jones doing the receiving.

The collies are to be judged this afternoon, after which prize winners will be announced.

POPE PIUS X. IS STILL IMPROVING

Papal Physicians Confident His Convalesence Will Be Rapid.

HAD NO FEVER TODAY.

Month's Complete Rest Will Restore Pontiff to Health, Barring Complications.

Rome, April 11.—The marked improvement in the condition of Pope Pius X continued today and the papal physicians are confident that convalesence would be rapid, unless there are complications.

His Holiness was promised that he might perhaps sit up for a brief interval during the day.

Early today he had no fever and his pulse was normal. The heart still showed weakness though and the kidney affection remained.

Prof. Etore Marchiarava and Dr. Andrea Amici, the Pope's physicians today said that two months of complete rest would restore the pontiff to normal health, barring complications.

Rome, April 11.—In spite of the Pope's apparent improvement Drs. Marchiafava and Amici ascertained late this afternoon that they had not succeeded in checking the progress of his kidney trouble closely akin to Bright's disease.

When the Pope's sisters visited the Vatican they told him that their janitor's daughters, upon whom Dr. Amici operated yesterday was in the poorest condition, probably dying. Pope Pius at once commanded Dr. Amici to leave him and visit the sick girl. The physician obeyed.

According to the advices the attack on the train occurred at San Andreas, 25 miles west of here. The stolen bullion, which consisted of 122 bars valued at 1,000 pesos each, was the property of the Dolores Mining Company, an American concern.

BITTEN BY VICIOUS DOG.

Bicyclists Says Most Muzzles Used on Dogs are Absolutely Useless.

The statement that nine-tenths of the muzzles used on dogs in Alexandria were absolutely useless was made in police court this morning by W. B. Archer, a well known business man who was bitten yesterday afternoon by a muzzled dog. Mr. Archer was riding on a bicycle near the corner of Alfred and Queen streets at 5 o'clock when he was attacked by a large shepherd dog belonging to Mrs. Thomas E. Beach, of 303 North Alfred street. He was severely bitten on the leg although the dog wore a strap muzzle similar to those worn by practically all of the dogs in Alexandria. Mr. Archer's wound was cauterized by Dr. J. E. W. Timberman and he will take the Pasteur treatment.

In Police Court this morning Justice Caton ordered the dog killed and the head be sent to the Bureau of Animal research in Washington for examination to determine whether or not the animal was affected with rabies.

WOMEN ARE STILL APPLYING TORCH

Burn the Pavillion at Tunbridge Well Cricket Field Today.

MILITANTS PLEASED.

Division in Royal Household Over Woman Suffrage—Miss Emerson Has Appendicitis.

London, April 11.—Suffragettes early today burned the pavillion at the Tunbridge Well Cricket Field. The building was totally destroyed.

A large photograph of Mrs. Emmeline Pankhurst, the militant leader, now in Holoway Jail, was left at the scene of the fire by one of the "arsolettes."

At the Home Office secretary Reginald McKenna, admitted publicly that Mrs. Emeline Pankhurst, the jailed militant leader, is very weak from hunger strike, but said her condition could not be considered in any way critical, and therefore there was little prospect of her release today. This is Mrs. Pankhurst's eighth day without food.

The militants are "as pleased as punch'" at a tale of discord in the royal household at Buckingham palace, caused by difference of opinion on the merits and demerits of votes for women. Gossip has it that Lady Shaftsbury and another lady in waiting to Queen Mary already have resigned; that several other court ladies are absent from the palace and that her majesty has threatened to demand the resignation of her entire household all because of suffragettes.

Miss Zelie Emerson, the American suffragette who spent two months in Holloway jail, have developed appendicitis, according to Dr. Mansell-Moullin, her physician. The Doctor yesterday said she suffered pains about the appendix and today he declared that appendicitis was undoubtedly her ailment and that an operation would be necessary as soon as her condition would permit.

SAYS HIS WIFE WAS STOLEN.

Samuel Brown, of Bristol, Tells Queer Tale.

Bristol, Va., April 11.—According to the story of Samuel Brown, residing on East State street, John Owens, said to be a son of the Rev. Joe Owens, who recently eloped with the wife of another minister, took his (Brown's) wife and little baby, and fled to West Virginia. Brown, after diligent inquiry, claims to have located Owens and Mrs. Brown and the baby in the West Virginia mining region. Brown went there, but claims to have been confronted with threats of violence. He tells that he was shown a coffin as an emblem of what would happen to him if he did not get out of the community quickly. He declares that Owens stole his wife and baby while he was in a stupor from dope which he believes to have been administered to him by either his wife or Owens. Brown says he will invoke the aid of the "white slave" Federal statute as a means of recovering his wife and child.

CAR AND DEPOT THIEVES.

Such Criminals To Be Handled By Federal and State Courts in Future

Federal courts as well as State tribunals will in future take part in the punishment of car and railway depot hieves as the result of a bill introduced by Representative C. C. Carlin, of this district which has been passed by both houses of Congress, and approved by the President. This act, which imposes a maximum fine of $5,000 or imprisonment for not more than ten years for any person convicted of unlawfully breaking into any railway car containing interstate or foreign shipments of freight or express, or of stealing or obtaining by fraud or deception from any car, depot, platform, vessel or wharf, any freight, express or baggage which constitutes or is a part of any interstate or foreign shipment.

While the Carlin act in no way infringes on the jurisdiction of the State Courts, it puts the whole power of the Federal department of justice behind the detection and prosecution of persons guilty of stealing from cars or depots, since it will be practically impossible for thieves to distinguish between intrastate and interstate shipments.

Officials of railroads centering in Alexandria have always suffered more or less annoyance from thieves, and since the construction of the Potomac Railroad yards adjoining this city the number of robberies has increased greatly. In most cases the value of plunder secured has been less than $50, and when guilty parties have been arranged in court they have received sentence for misdemeanors.

Tobacco, whiskey, etc., are most sought by railway thieves, while shoes, clothing and hats are often among the articles carried away.

The companies employ agents who patrol railway yards and endeavor to capture trespassers upon the railway property, but notwithstanding all their vigilance the number of robberies show no diminution.

One railway company was recently compelled to pay over $20,000 claims for stolen goods in one year. Men are employed as claim agents, and their entire time is consumed in adjusting losses occasioned by depredations of thieves.

In future such criminals will be handled by the federal as well as the state courts.

Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged.

This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. Prescription.

We have sold other remedies for skin troubles but none that we can recommend as highly as this for we know that D.D.D. stops the itch at once. We can give you a trial size bottle for 25 cents that will be enough to prove it.

Of course all other druggists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute.

But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee:—If you do not find that it takes away the itch AT ONCE, it costs you not a cent.

MARRY AND CHARGE DROPPED

Frank Fergus Weds Miss Risley and Prosecution is Abandoned.

Richmond, Va., April 11.—Frank T. Fergus and Mary H. Risley, the youthful couple of Wilmington, N. C., who attempted to abandon their 10-day-old son in this city Monday morning, were married Thursday afternoon in Washington.

Yesterday Fergus appeared in Justice Crutchfield's court with his counsel, Gilbert K. Pollock, and the charge of child abandonment, on which the parents had been arrested, was dismissed in view of their marriage.

Miss Bessie Vandegrift, superintendent of the hospital where Miss Risley was taken with her child after being arrested, accompanied the couple to Washington yesterday. At the marriage license Bureau Fergus gave his age as 21 and Miss Risley said she was 25 years old. They were married by Rev. James M. Little, 735 Third street, N. W. Miss Vandegrift appeared before Justice Crutchfield yesterday to testify to the marriage.

Fergus will return to Wilmington with his wife and child to live.

GRAND MASTER'S VISITS.

A. M. Southall Touring State Preparatory to Convention.

Roanoke, Va., April 11.—Grand-master A. M. Southall, of Danville, is now in his regular annual itinerary, visiting all of the subordinate lodges of the I. O. O. F., in Virginia, preparatory to the Grand Lodge meeting which takes place in this city May 12th, 13th, and 14th.

The grand master is scheduled to reach Roanoke on April 28th, and will pay an official visit to the lodges of this city, which will meet in joint session.

The local lodges have appointed a special committee to meet the grand master on his arrival here. Other officers of the Grand Lodge are also expected to attend this joint session. Mr. Southall's term as grand master will expire at the meeting of the Grand Lodge, and advices received here are to the effect that his report will be that Odd Fellowship in Virginia under his administration has had a most successful year, nad there has been a large increase in the membership of the order.

Preparations on a grand scale are being made by local lodges for the meeting of the Grand Lodge in May, when it is expected that between 1,200 and 1,500 visitors from every section of the State will be here for three days.

At a recent meeting of the entertainment committee, it was decided to extend invitations to the various lodges contiguous to Roanoke to attend in a body for one day and to participate in the big parade scheduled for Tuesday evening, May 13th, and assurances have already been received from many of the lodges that the invitation will be accepted.

The lodges of Roanoke, Vinton and Salem will be able to place some eight or nine hundred men in line, and with the "three linkers" coming from Lynchburg Bedford City, Buchanan, Troutville, Rocky Mount, Martinsville, Ellison, Christiansburg, Radford, Pulaski, and Floyd, together with the regular accredited delegates from the many lodges of the State it looks as if the parade will be composed of nearly 2,000 Odd Fellows.

YOUNG WOMEN WARNED.

Women's Christian Association Will Hold Next Meeting in San Francisco.

Richmond, Va., April 11.—After the convention of 1915, which will probably be held in San Francisco during the Panama-Pacific Exposition, the Young Women's Christian Association of the United States will hold meetings tri-ennially instead of bi-ennially. The report submitted by Miss Mary G. Slocum suggesting the change, was unanimously adopted at yesterday's session of the fourth bi-ennaily convention.

Ten thousand of young girls who are contemplating going to San Francisco to secure work were warned against such procedure in an address delivered by Miss Ella Schooley, of San Francisco, who said the city was already overcrowded with workers. However, she said, that three would be a special meeting working under the direction of the national board of the Y. W. C. A., and every safeguard would be thrown around the young women who journeyed to the exposition city to accept positions.

Miss Mabel Gratty, of New York, general secretary of the national board, delivered an address in which she told of the work of the association which places safeguards over the young women working in offices and helps them in every way possible to make life attractive, pleasant and comfortable.

The Travelers' Aid Movement was shown to have made wonderful progress in the annual report made by Miss Grace Dodge, of New York, president of the national Board and originator of the Travelers' Aid Movement, which has for its purpose the assistance of young girls traveling alone to big cities looking for employment. A national organization was predicted in the near future, as there are at least 40 associations interested now in such a project.

Yesterday Miss Grace Dodge read the commission's report on Social Morality; Mrs. Samuel J. Murtland, of New York, read the report on Thrift and Efficiency, and Mrs. Stephen Baker, of New York, read the report on Character Standards, after which there were discussions of all three subjects.

Last night the national board gave a reception to the delegates at Hotel Jefferson.

DAUGHTERS OF CONFEDERACY.

Meeting at Farmville Best Since Organization of That Body.

Farmville, Va., April 11.—The Fifth District United Daughters of the Confederacy, which met in Farmville by invitation from the local chapter, was the largest meeting ever held since the district work was inaugurated.

On Friday morning a business session was held in the Methodist Church, with Walter T. Allen, of Richmond, chairman of the Fifth District, presiding.

Committee reports which included Relief Work and the Confederate Museum were read by Mrs. N. V. Randolph; "Arlington," by Mrs. J. M. Gregory, "Shiloh," by Mrs. Sam Williams; "Historical and Educational Work.", Mrs. A. A. Campbell.

Mrs. A. J. Montague presented the cause of "The Home for Needy Confederate Women."

Mrs. Nathan D. Eller, of Lynchburg, and Mrs. Cabell Smith, of Martinsville, contributed much to the convention by their presence. The chair, in conclusion, stated that eight chapters were represented with thirty-one delegates present.

Y. M. C. A. CONVENTION.

Will Hold Great Banquet in Lynchburg on April 8th.

Lynchburg, Va., April 11. — The great banquet of the State Y. M. C. A. Convention to be held Friday night, April 18th, at the city auditorium, is expected to be one of the greatest of the kind ever held in Lynchburg.

Leading business and professional men from all over the State of Virginia will be present. The program of speakers for this occasion is regarded as an unusually strong one. George E. Caskie will be the toastmaster, and the speakers will be H. O. Williams, international secretary of New York, Dr. W. L. Poteat, of Wake Forest, N. C., one of the leading Baptist orators of the South and Dr. George R. Stuart, of Knoxville, who is also well known in Lynchburg.

One hundred tickets for this banquet will be available for Lynchburg men; they will be in charge of the general committee—J. C. Moss, E. F. Sheffey, H. H. Harris, W. W. Walsh, and H. M. Davis, and will be ready the latter part of this week.

Negro Sentenced to Death.

Roanoke, Va., April 11.—Yesterday in the Circuit Court for Bedford county, after being out a few minutes, the jury which heard the case of Owen Scogin, colored, charged with criminally assaulting Mrs. Ransance, a white woman, returned a verdict of guilty. The negro was sentenced to die in the electric chair Friday, June 6. The crime of which he was convicted occurred one week ago. Mrs. Nance showed fight when the man attacked her and struck him several times with an axe. For several days it was thought he would die from the effects of his wounds. His trial was presided over by Judge W. R. Staples, of Roanoke.

Grocer Shoots Barkeeper.

Lynchburg, Va., April 11.—In a quarrel on the busiest part of Main street yesterday afternoon, Louis J. Brugassa, a grocer, shot Dan P. Doherty, a barkeeper in the right shoulder, the bullet piercing his lung and making a dangerous, possibly fatal wound. Doherty was hurried to the City Hospital.

Serious Charge Against Mother.

Lynchburg, Va., April 11.—A case so revolting in all of its details and unspeakable because of the seeming lack of maternal care which the evidence intended to show, was aired in the police court when Mrs. Mary Ponton, a white woman, appeared before Justice Whittaker to answer the charge of being accessory before fact to an attack upon her daughter, Teresa Ponton, a mere girl, who was shown to be only thirteen years of age.

Several witnesses were examined and after weighing the case on the evidence adduced, Justice Whitaker deemed it of sufficient gravity to be heard by a jury, and the mother was held for the next term of the Corporation Court.

New York, April 11.—The arbitration board that heard the argument in the dispute between the 54 eastern railroads and their locomotive firemen today began the actual work of preparing its award which must be handed down by April 23rd.

APATHY AMONG VOTERS IN VIRGINIA.

Twelve thousand white men of voting age who make their homes in Richmond and who take no part in the government of the city or State are to be asked next week to pay the pol, taxesl they legally owe, nad to take the trouble to qualify themselves to take part in coming elections. The work was definitely mapped out at a meeting of the Young Men's Registration Committee at the Business Men's Club in Richmond. A captain was named for each of the twenty-two precincts in the city, and each captain is to associate with himself ten or more men to aid in the work. The committee has secured a card index of the men of Richmond assessed for poll taxes who are not qualified to vote, and every one is to be called upon during next week. As one speaker put it last night: "If the men of Richmond don't want to vote, or are too lazy to qualify, then let them get out of the way and let the women vote."

The Lynchburg News in commenting on this unfortunate state of affairs in Virginia says:

"The indifference of the voter in Virginia is fast becoming a matter of danger to the welfare of the Commonwealth, but it would seem that this is not the only state in which the evil is prevalent. While it in no measure excuses or mitigrates one's own offenses to know that others are guilty of the same shortcomings, humannature is so constituted that such knowledge always affords a sort of gratification. But if Virginians are wise they will look at their sister State, not with only "holier than thou" attitude, but with the object of learning what effect the remedies being applied in the Bay State are having. The efforts of the election commissioners of Boston may afford us a splendid object lesson, if the blacklist method proves ineffectual, some subsequent plan tried out in that city may give the Old Dominion an excellent suggestion of how to solve the same problem within her own borders."

Attention should be called to the fact that the democratic party lost the state of Virginia in 1872 by general apathy and its vote was counted for General Grant. Again in the latter part of the seventies the vote went to the Mahone organization from the same cause.

If men refuse to vote, women should be given suffrage.

SEA STILL DEMANDS HEAVY TOLLS.

We are nearing the anniversary of the greatest marine disaster in the world's history—the sinking of the White Star liner Titanic, when so many people found a grave in the icy waters of the North Atlantic.

Notwithstanding wireless telegraphy, ships alleged to be unsinkable, patent life boats, bell buoys, and many other contrivances supposed to minimie dangers to those who go down to the sea are subjected, Neptune seems to continue to exact heavy toll upon such as invade his dominions.

The year 1913 has proved thus far the most disastrous three months that ship owners on both sides of the Atlantic have experienced in nearly 50 years Correct estimates of the loss caused by the series of storms that have swept the coast of Europe and America are difficult to obtain, but an authority who based his figures on the Lloyds reports, says that the damage to deep sea vessels alone would amount to $7,000,000. This does not include the loss suffered by the coasting trade of the United States, estimated at several millions.

During the month of January alone one agency reported the loss or partial wreckage of 328 sailing vessels and 510 steamships. January was the month of the largest number of wrecks.

One result of the year's storms has been the annihilation or many of the few wooden schooners left in the American coasting trade. American shippers, it is said, have to depend hereafter largely upon barges and steam freighters.

ISLAND FORT PROBABLE.

Government May Abandon Cape Henry Project.

The abandonment of the elaborate scheme of defense of the National Capital and all the cities on the Chesapeake Bay and its tributaries, so far as it involves the erection at Cape Henry, Va., of the great fortress with 14-inch coast defense rifles and a four-battery post, is imminent, owing to the failure of the War Department to obtain the necessary site from the land holders of the cape. In consequence to revive the original plan for the construction of an artificial island midway between Cape Henry and Cape Charles.

Army engineers found that they required for the Cape Henry fortifications and post 300 acres of land fronting the beach, at the very tip of the cape and lying on either side of the lighthouse.

Out of the $150,000 appropriated by Congress for the site it had been arranged that $100,000 was to be paid to a company owning most of the land, leaving $50,000 to be used in reimbursement of individuals who had purchased lots in fee simple and erected cottages.

It now appears, however, that the property offered to the government for its $100,000 includes only 260 acres, 40 acres less than required. The additional property required lies between Twenty-sixth and Twenty-ninth Sts., in Cape Henry township.

The War Department could apply to Congress to condemn the tract, but the engineers are now considering whether, in view of the great delay from such proceedings, it would not be better to abandon the entire project at Cape Henry, and return to the plan for the artificial island.

While in this island scheme the original cost would be greater, the difference would soon disappear if the Cape Henry project were fully considered. It would require the building of a wharf on Lynnhaven Bay and the acquiring a right of way for a road over the two miles between that wharf and Cape Henry, if the fort should be placed there. Expensive defenses would have to be constructed in the rear of the Cape Henry batteries to protect them from land attacks. These would be unnecessary in the case of the island fortress. Owing to its central position the engineers believe the island would be much more effective as a defense of the wide mouth of the Chesapeake.

He left a widow and three daughters.

BASEBALL.

The season for the national sport
has started on its way,
And at the grounds you'll find the
fans attending day by day,
There's no use talking business or
politics at all,
For every one's discussing how the
boys are playing ball.

The days for reading tariff schedules and the papers' dope
About the Balkan crisis or the latest new "white hope"
Have passed and gone, the folks have heard the umpire's stirring call,
And so upon the corners they are talking of baseball.

It matters not that Wilson is upsetting precedents,
Or that old Emmy Pankhurst of her recent crimes repents,
Or that this agile lady out of England takes a fall,
We can't discuss these petty things when teams are playing ball.

The situation's badly mixed in nearby Mexico,
And poor old Turkey's struggling 'neath a load of grief and woe,
We know not what calamity upon these Turks may fall,
But we can't read about them when we have to read baseball.

We are no longer interested in tales of thug and thief,
For every butcher, baker, doctor lawyer, merchant, chief,
Cares mightly little how the fates of these poor crooks befall,
When his mind is bent upon the score of some good game of ball

So now the young and middle-aged and veterans old and gray,
Are sitting on the bleachers just to watch the home team play,
They holler "kill the umpire," and they shout and roar and bawl,
For the country has gone crazy 'bout the national game of ball

If the cork pulls out, does Frank C. Pullin?

Well, we won the opener, if we never get another one.

It looks like we are getting our spring weather in about the same way that the cat ate the grubbing-hoe, a little bit at a time.

It begins to look as if the Every men had some arrangement with the weather man about the kind of weather to serve up on dance nights.

POISON FOUND IN STOMACH.

Man Died After Eating Dinner Prepared by His Wife.

Staunton, Va., April 11.—Dr. W. M. Phelps, physician and chemist, completed today the examination of the stomach of Clint Bridge, who died suddenly in Basic City March 30 after eating a dinner prepared by his wife. He reported to the coroner that he found enough strychnine in the stomach to kill a man. So far no evidence has appeared against Nannie Bridge, the wife. She is still at her home in Basic City.

Miss Ellen Wood, of 711 H street southwest, for whose body the police dragged the river after they found the note on the river bank she left telling of her intention to commit suicide, is alive and well, her husband announced last night at the Fifth precinct police station.

Instead of drowning herself, she left her husband and eight children March 29th and went down into Virginia to visit a brother. Her husband got a letter from her yesterday informing him that her brother was taking "right good care of her."

FESTIVAL OPENED.

Parish Hall of St. Paul's Church is Attractively Decorated.

The opening night of the "Festivity of the Holidays" bazaar last evening was a success in every way. The fair is arranged with attractive booths representing the holidays and the little misses in the "stars and stripes" under the flag canopy of the "Fourth of July" booth could not be resisted. Also the young ladies in charge of the sweets and flowers under the "Valentine Day," galor decorations in their "heart to heart" talk were irresistible. "Thanksgiving Holiday" represented by the supper, was popular, and a number of gentle "Priscillas" attended with courtesy the daintily appointed tables, and most appetizing viands they served.

A most interesting feature was "The Art Gallery" a unique entertainment for the small admission fee of five cents.

The "Labor Day" and "Christmas" booths are generously supplied with fancy pieces of handwork at reasonable prices. In addition to the supper there is home-made cake and cream to be disposed of. The bazaar opens tonight at six, and tomorrow afternoon is special children's afternoon when the old goose will quack her loudest and the golden egg will reveal treasures dear to the child heart. The fair closes at six on Saturday.

FUGITIVE HIDING IN WOODS.

Danville, Va., April 11.—Reports from Cascade lead one to believe that if Rufus Mabes, the man who is alleged to have attempted a criminal attack upon Mrks. Jesie Scarce last Saturday night, is caught that he will fare badly at the hands of the twenty or more men who are still looking for him.

When last seen Mabes was in overall in the woods near Cascade, and the posse, who started out on his trail a little over two hours after the attempted attack had been committed, think that he is in hiding in the swamp thickets, which are in that neighborhood.

Mrs. Scarce, who was quite prostrated after the event, is slowly recovering. She is suffering from a wrenched arm. Her husband states that should the State fail to offer a reward for the miscreant's arrest, he will do so personally.

FINE BEEF IN MARKET.

Quality is Excellent, Although Scarce. Eggs Remain Cheap. Butter is High.

Some of the finest beef of the season is now displayed for sale by the dealers in this city, and although scarcer than it has been for some time past, the meat on sale is select and of the best quality. Lamb and pork are about the same in price, hams having, however, gone up slightly. Prices of beef remain unchanged from last week, except that quality considered, the consumers will get more for their money.

The fish market is not well supplied as shipments from the lower Potomac have not commenced to move and catches are small. Crab meat is plentiful. Shad are bringing good prices, from 40 to 75 cents, with roe at 50 cents. With more settled weather it is expected catches will be greater.

Chickens and fowl are not so plentiful as last week. Chickens are laying well and the farmers from near-by, are not bringing in much poultry, the home supply being short. Butter is still firm, prices for the best creamery being 45 cents. Eggs are quoted at 22 cents and are plentiful.

In vegetables the market can be said to be well equipped, all sorts being on sale at prices that are reasonable. New cucumbers at 5 to 8 cents and new peas are displayed. Cauliflower is off the market the season being too advanced for southern grown while the home grown have not begun to come in. Fresh large asparagus can be purchased at 15 cents the bunch. Fresh onions and radishes are plentiful and cheap.

Waits Hanging to Wed.

When Dominick Patrelli is led forth to execution to pay the penalty for murder two weeks from next Tuesday in the Greensburg (Pa.,) jail his wife, Mrs. Juliet Patrelli, of Southeast Baltimore, will be able to follow out the wishes of her heart and marry the man who has courted her for the last few months.

Mrs. Patrelli applied some months ago to the office of Governor Tener, of Pennsylvania, asking for a certificate of execution of her husband, stating at the time that she was eager to marry her second love, Giuseppe Bruno, of Baltimore. The wife was told that she could not receive the certificate until the death penalty had been carried out; that her wedding must be indefinitely postponed.

The husband, who heard of his wife's action, was much displeased and scored her for her conduct. She replied that she loved Bruno and that as Patrelli was to die it was well that she provide herself with a husband who would care for her in the future.

Since that time she has neither visited nor written to her husband. Arrangements, it is said, have been completed for the marriage of Mrs. Patrelli and Bruno.

The condemned husband was convicted of the murder of his son-in-law, Ferdinand Salvatore.

ALIEN GIRLS STILL MISSING.

Fears Entertained That They Fell Victims to White Slavers.

Chicago, April 11.—Despite sentiment sabout the safe arriva in Chicago of 20 immigrant girls from N. Y., who missed the train at New Castle, Pa., on March 19, it is still declared by those interested in the welfare of the girls here that they have not reached their destination. The railroad authorities insist that there was only 48 hours delay in getting the girls to Chicago, chiefly because of the flood. If they reached Chicago, it was asserted here today, they did not finally arrive at the places at which they were supposed to go. The fear is expressed that they fell into the hands of white slavers.

Andrew Silverson, president of the Chicago branch of the Norwegian-Danish Young Women's Christian Association, today wired New York officers of the organization to take up the search for the girls. Silverson declared that he did not mean to criticise either federal officials or officers of the Baltimore and Ohio Railroad, who reported one week ago that they were unable to find a trace of any one of the missing girls, but that the officers of the association in New York might turn up some clues because of their wide acquaintance among newly arrived immigrants.

BELGIUM FACES A CRISIS.

Half a Million Persons Expected to Strike Next Week.

The last hope of intervention by the king to prevent the great general strike called to enforce the granting by the government of manhood suffrage, now appears to have disappeared.. It is pointed out that such action in the existing circumstances would be unconstitutional and would be regarded by the clericals as a coup d'etat.

That the government now will accept a compromise also is slightly improbable judging from the active military preparations which are going on. Orders for the departure of a large body of troops for camp have been countermanded and the troops will be distributed among the various industrial centers to safeguard the gas and electric plants, the railroads tunnels and bridges. Large forces of gendarmes, also have been drafted and will be stationed in places regarded by the government as danger points. The first active move in preparation for a great general strike to enforce the grant of manhood suffrage in Belgium has been made by the sending out of the country of many children of the 30,000 or 40,000 workers who will lay down their tools on Monday, April 14th, at the bidding of the socialist party.

Trade has increased in all kinds of preserved foods, beans, rice and flour, and the sales of illuminating oils and candles have tripled.

The strike has been decided on by the Belgium Socialist party as the last desperate measure to make the government give Belgium a system of plural voting now in practice. Its successes or non-success it will denominate cesses or non-success will of consequence to the world at large, for if it succeeds it will demonstrate the practicability of the strike as a political weapon. Previous attempts at political, as distinguished from economic, strikes have invariably ended in failure, notably in Spain and France, and the opinion has been generally held that the political strike is impossible.

SAVES TOWN FROM FIRE.

Mrs. T. M Hart Gives Alarm And Flames Are Confined to Factory.

Danville, Va., April 11.—But for the timely discovery by Mrs. T. M. Hart, who noticed the reflection of a big blaze while looking from a window of her home Wednesday night about 10:30 o'clock, many business houses and homes in Martinsville, Henry county, would have been destroyed by fire. Mrs. Hart quickly gave an alarm that aroused many neighbors, who were asleep.

The blaze originated in the plant of the Henry County Tobacco Company, of High street, and had gained such rapid headway that it was impossible to save anything in the building. The firemen devoted their effort toward keping the flames from spreading to adjoining buildings.

The Henry County Tobacco Company's plant was filled with tobacco and machinery, all of which were destroyed entailing a loss of $30,000 or more. The loss is practically covered by insurance, and it is thought that the farmers who had stored their tobacco there will lose little or nothing. The origin of the fire has not been ascertained.

Wheeling, W. Va.—Dozens of mirrors were removed from the High School Building because girl students who stopped to "primp" were delaying every recitation.
